## SPARKLING WINE AND CHAMPAGNE

### PJENUŠAC I ŠAMPANJAC

**DEUTZ BRUT CLASSIC, 0,75 l**  
**FRANCE, CHAMPAGNE REGION**  
**660 kn**

Its golden color scintillates in the glass, with a fine steam of bubbles rising gracefully to the surface. The first impression to the nose is mellow and reminiscent of acacia flowers, confectionery, Reinette apples, and brioche. The wine then gains in volume and its silky texture reveals a successful balance between the freshness of Chardonnay, the fruitiness and structure of Pinot Noir, and a touch of vinosity from Pinot Meunier.

Njegova zlatna boja svjetluca u čaši, s finom strujom mjehurića koji se dražesno dižu na površinu. Pri prvom susretu s nosom odaje sočan dojam i podsjeća na cvijet bagrema, slatkiše, jabuku reinette i brioš. Šampanjac tada dobiva na volumenu i njegova svilenkasta tekstura otkriva uspješnu ravnotežu između svježine chardonnaya, voćnosti i strukture pinot noira i daška vinoznosti pinot meuniera.

**ZOI BIJELO, 0,75 l**

This dry white wine has a crystal clear yellow-green color. It is a cuvée of Chardonnay 40%, Viognier 40%, Istrian Malvazija 10%, and Pinot Bianco 10%. This wine won our hearts unanimously and we chose it as our house wine for its contrast of extreme freshness yet rich in aromas. The vineyards are found in Istria on a red soil, partly rocky, in a light Mediterranean climate and with a strong influence of the sea. Each variety separately carries its share of aromatic profile.

Chardonnay brings aromas of nuts and fruits, Viognier aromas of flowers, Istrian Malvazija aroma of citrus fruit while Pinot Bianco balances the freshness and texture of the wine. The influence of Viognier's fermentation in barrique barrels brings the delicious aroma of caramel and a mixture of spices with creamy elegant taste.

Ovo suho bijelo vino kristalno čiste zeleno žute boje je mješavina: chardonnay 40%, viognier 40%, malvazija istarska 10%, i pinot bijeli 10%. Izabrali smo ovo vino kao naše kućno vino radi izrazite pitkosti, svježine a ujedno i bogatstva aroma. Vinogradi se nalaze u Istri na crvenoj zemlji, djelomično stjenovitoj, na svježoj mediteranskoj klimi i uz jaki utjecaj mora. Svaka sorta zasebno nosi svoj dio aromatskog profila. Chardonnay orašaste i voćne arome, Viognier cvjetne i voćne arome, Malvazija Istarska arome agruma dok Pinot Bijeli balansira svježinu i strukturu vina. Utjecaj fermentacije Viogniera u barrique bačvicama i odležavanje na vlastitim kvascima donosi finu aromu karamele i mješavine začina uz kremasto elegantni okus.

**DEKLIĆ MALVAZIJA, 0,75 l**  
**CROATIA, ISTRIA**  
**210 kn / 42 kn**

It is rare to encounter such a good Malvazija. It was obtained by the selection of best grapes and careful and timely vinification. The scent is so rich that it sounds like exaggeration: mature fruits, herbs, tropical and mineral notes, and some citrus. An equally intense taste, full of minerality and sweetness, a perfect balance between freshness and richness, with an attractive salty yet bitter retro taste. Acacia flower, citrus and honey tones are just some of the aromas you can find in this complex wine. This wine is full of flavor, enticing minerality, it tingles the palate and tongue and lasts long after drinking. It is ripe with fruity aromas, but with attractive fresh finish. A pure, fine, balanced classical Malvazija that invariably invokes a new sip. Quality is far ahead of its category and will remain in this form for another year or two.

Rijetko se susrećemo s ovako dobrom malvazijom. Dobivena je selekcijom najboljeg grožđa te pažljivom i pravodobnom vinifikacijom. Miris je toliko bogat da zvuči kao pretjerivanje. Zrelo voće, začinsko bilje, nota tropskoga, nešto mineralnosti, nešto agruma. Jednako intenzivna okusa, punog mineralnosti i slasti, savršenog balansa između svježine i bogatstva, s atraktivnim slankasto-gorkastim retrookusom. Cvijet akacije, citrusi i medni tonovi samo su neke od aroma koje možete pronaći u ovom kompleksnom vinu. Ovo je vino puno okusa, zamamne mineralnosti, koje bridi po nepcu i jeziku i traje dugo nakon ispijanja. Zrelih je voćnih aroma, ali s atraktivnom svježinom na finišu. Čista, fina, super uravnotežena klasična malvazija koja na finišu neodoljivo zaziva novi gutljaj. Kvalitetom se nalazi daleko ispred svoje kategorije, a u ovoj će formi ostati još godinu do dvije.

**DEKLIĆ ROSE TERAN, 0,75 l**  
**CROATIA, ISTRIA**  
**195 kn / 39 kn**

Probably the most prestigious rose in Croatia with regard to quality and stylistic expression. For this rose only certain grapes from certain vineyard are chosen, with an early harvest in order to preserve the freshness and fluttering nature of rose. It has a more pronounced coloring because of Teran's nature. A lively, fine and refreshing wine. The smell is abundant with a handful of aromas of raspberry and vinegar peaches. The taste is elegant, with fresh citrus juice, a softness that has been given by Teran, lively acids and perfect balance.

Vjerojatno najkonstantniji rose u Hrvatskoj po pitanju kvalitete i stilskog izričaja. Za ovaj rose bira se baš određeno grožđe iz određenog vinograda pa se shodno tome berba obavlja ranije da bi se sačuvala svježina i lepršava priroda rosea. Nešto izraženije boje zbog prirode terana, živo, fino i osvježavajuće vino. Miris obiluje s pregršt aroma malina i vinogradarske breskve, a okus je elegantan, odiše citrusnom svježinom, sa svojevrsnom mekoćom koju mu je podario teran, živahnih kiselina i savršene ravnoteže.

**ZOI CRNO, 0,75 l**  
**CROATIA, ISTRIA**  
**195 kn / 39 kn**

This dry red wine enchanted us with its freshness and abundance of aromas. A combination of 60% Cabernet Sauvignon and 40% Merlot gives the wine its dark ruby-red color. The vineyards are located on the Istrian coast near Funtana. Each variety is picked and vinified separately, Merlot by the middle of September, and Cabernet Sauvignon in early October. Part of the wine ages in wooden barrels and then blends with the part that has laid in stainless steel. In this way spice notes and structure are combined with the freshness and taste of berry fruit. It delivers the aromas of blueberries, blackberry, and spices. It is extremely fruity, soft, warm, with pleasant durability and sweet tannins.

Ovo suho crno vino očaralo nas je svojom lakoćom i bogatstvom aroma. Kombinacija od 60% cabernet sauvignon i 40% merlot daje tamnu rubinsko-crvenu boju. Vinogradi se nalaze na istarskoj crvenici u blizini mjesta Funtana. Svaka sorta se bere i vinificira zasebno, merlot polovinom rujna, a cabernet sauvignon početkom listopada. Dio vina kratko dozrijeva u drvenim bačvama a zatim se sljubljuje s dijelom koji je dozrijeva u inoxu. Na taj način spajaju se začinske note i struktura sa svježinom i okusima bobičastog voća. Krase ga arome borovnice, kupine, začina, izrazito voćno, mekano, toplo, ugodne trajnosti i slatkih tanina.

**CHATEAU BAHANS HAUT-BRION, 0,75 l**  
**FRANCE, GRAVES REGION**  
**2650 kn**

A Bordeaux blend of Cabernet Sauvignon, Merlot, Cabernet Franc, Petit Verdot, and Malbec. Although grapes are thought to have been grown on the property since Roman times, the earliest document indicating cultivation of a parcel of land dates from 1423. This wine is the embodiment of five centuries of tradition, and plays a pivotal role in the worldwide history of wine. The initial impression is one of a certain discretion and even restraint, the prerogative of any person with self-confidence. At every swirl, you discover new aromas, which build up to great complexity. The terroir is expressed in this wine through a unique signature with an empyreumatic bouquet (Havana cigars, chocolate, roasting, cedar wood, and so on). The attack has the same restraint, with precise, exceedingly soft tannins. But the power of this wine is revealed in the surprising long mid-palate and even longer finish. This aromatic persistence is the prerogative of its exceptional origins.

Bordeaux mješavina cabernet sauvignona, merlota, cabernet franca, petit verdota i malbeca. Iako se smatra da se grožđe uzgaja na imanju još od rimskih vremena, najstariji dokument o kultiviranju zemljišta potječe iz 1423. godine. Ovo vino predstavlja utjelovljenje pet stoljeća tradicije i igra ključnu ulogu u svjetskoj povijesti vina. Početni dojam odaje određenu tajanstvenost, te čak suzdržanost svake samopouzdanje osobe. Pri svakom zavrtanju otkrivaju se nove arome koje dovode do vrsne kompleksnosti. Terroir se izražava u ovom vinu kroz jedinstveni karamelizirani buke (cigare Havana, čokolada, cedrovina...). Izuzetno mekih tanina i dugog završetka. Ali snaga ovoga vina otkriva se u iznenađujuće srednjem palatu i još većem trajanju. Ova aromatična upornost je odlika vrhunskih vina najboljeg podrijetla.

As Kadarka is hard to grow due to its susceptibility to diseases, it is almost gone. The flavor is rich and full with cherry notes, without any aggressive wood elements, even though it ripens for several years in small oak barrels. This wine can only be described as gentle, elegant, and peaceful – just like the temperament of the people of the region.

Kadarka je stara sorta crnih vina srednje i istočne Europe koja je dominirala na području Slavonije i Vojvodine do pedesetih godina prošlog stoljeća. **CROATIA, DALMATIA**  
**210 kn / 42 kn**

Prošek is a sweet dessert wine that is traditionally from the southern area of Dalmatia, Croatia.

Risus Prošek has a high alcohol content of 16% and is obtained by drying the grapes, mainly indigenous Dalmatian varieties from the island of Hvar. The grapes are harvested late, so the berries are already dried and wrinkled. The objective is complete dehydration of the grapes in order to increase the sugar content. This wine after fermentation contains up to 120 g / l of sugar. For special moments, sweet with a strong scent.

Risus Prošek je desertno vino, specijalitet ovih krajeva, s 16 % alkohola, koje se dobiva prosušivanjem grožđa, uglavnom od autohtonih dalmatinskih sorti s otoka Hvara. Grožđe se bere kasno, bobice su na izgled već osušene i smežurane, a cilj je potpuna dehidracija grožđa da bi se povisio udio šećera, pa nakon fermentacije vino sadrži i do 120 g / L šećera. Za posebne trenutke, slatko i jakog mirisa.
